

BBG BULLETIN

Careers FAIR

While Year 7 were at camp last week, starting their BBG journey together, Year 10 and 11 students were thinking about the next steps in their journey at our annual careers fair. The fair gives them the opportunity to explore a range of post-16 and future career pathways.

Students engaged enthusiastically with representatives from Leeds College of Building, Huddersfield New College, Greenhead College, Leeds Arts University and Appris Engineering Apprenticeships, learning about courses, qualifications and apprenticeship opportunities. To encourage interaction with exhibitors, students also took part in a fun Careers Bingo activity, helping them to ask questions, gather information and develop a greater understanding of the options available to them after school.

Thank you to all our partners for attending- it was a really valuable day, and we hope to see you again next year.

EXTRA CURRICULAR

ALL CLUBS ARE 2.35-3.35PM

MONDAY

Year 7-11 Homework Club, F13
Year 7-10 Sparx Reader, G55/56
Year 9-11 Football
Year 8 Rugby
Year 11 Maths Past Paper Club, G16
Year 11 English Past Paper Club, G54
Year 10 and 11 French Speaking Club

TUESDAY

Year 7-11 Homework Club, F13

GCSE REVISION

LEARN IT • USE IT • REVIEW IT

It's not just about revising — it's about knowing how to revise.

Stronger
Learners
Brighter
Futures

LEARN IT

Build secure knowledge

This part of the cycle is about learning and relearning the information you have been taught. It's what most people think of when they think about revision.

But reading and highlighting alone isn't enough. The most effective revision involves **active thinking** and trying to remember information.

Suggested strategy

Look, cover, write, check

- 1 Study information for 2 minutes.
- 2 Cover it up.
- 3 Write everything you can remember (3 minutes).
- 4 Check and add missing information (different colour).
- 5 Repeat – the struggle helps your brain remember!

Common mistakes

- ✗ Simply reading and copying notes.
- ✗ Making revision materials and never using them again.
- ✗ Revising passively rather than actively recalling information.

KEY POINT

Revision is not about how long you spend studying. It's about how effectively you learn, apply and review your knowledge.

USE IT

Apply knowledge

This part of the cycle involves applying knowledge to exam-style questions. It often feels the most challenging, as it requires sustained focus and can involve extended writing, but this is exactly what prepares you for the real exam.

The more you struggle with, and eventually overcome, challenges now, the better prepared you will be in the exam.

Suggested strategy

Past papers

- ✓ Complete exam-style questions regularly.
- ✓ Work under timed conditions.
- ✓ Avoid extra help and distractions.
- ✓ Use past papers (free online).
- ✓ If you need support, make a note of what you needed and add it to your next 'Learn It' sessions.

Common mistakes

- ✗ Spending longer than exam timings (this gives a false impression).
- ✗ Using notes or other resources that wouldn't be allowed in the exam.
If you have to look something up, that's a gap to fill in your next 'Learn It' session.

REVIEW IT

Improve and refine

Reviewing helps you judge your performance, identify strengths and gaps, and decide what to do next. It's not the end of the process — it uncovers blind spots and restarts your revision cycle.

Be honest with yourself! Recognise what went well and be realistic about where you need to improve. This ensures your revision time is focused where it will have the greatest impact.

Suggested strategies

1. Mark your work

- Compare to the mark scheme.
- Highlight where marks were gained and missed.
- Rewrite weaker sections.
- Ask your teacher to check your self-assessment.

2. WWW and EBI

- **What Went Well?** Identify what gained marks.
- **Even Better If?** What could you improve next time?

3. RAG rate topics

- **Red** – I struggle, need more time.
- **Amber** – I know some, need practice.
- **Green** – I'm confident, just review occasionally.

THE RESULT

Students who consistently move through this cycle develop secure knowledge, improve exam technique and achieve their potential.

Strong enough to stand alone.

Wise enough to stand together.

OCTOBER MOCK EXAMS 2026

BE READY • BE ORGANISED • BE SUCCESSFUL

It's not just about revising — it's about planning effectively.

Stronger
Learners
Brighter
Futures

MOCK TIMETABLE

YEAR 10 & 11

5TH OCTOBER –
16TH OCTOBER 2026

Use this timetable to plan
your revision. Make sure you
know when your exams are
and which subjects you need
to focus on.

		Monday 5th October	Tuesday 6th October	Wednesday 7th October	Thursday 8th October	Friday 9th October
WEEK 1	AM	English Literature 105 mins	Science Biology 75 / 105 mins	English Literature 135 mins	Maths Calculator 90 mins	French Listening & Reading 35+45 / 45+60 mins
	PM	Maths Non-Calculator 90 mins	Options: Food Sociology Creative iMedia	Business for Non-French Year 11	History 60 mins Geography 90 mins	NO EXAMS
		Monday 12th October	Tuesday 13th October	Wednesday 14th October	Thursday 15th October	Friday 16th October
WEEK 2	AM	History 60 mins Geography 90 mins	English Language 105 mins	NO EXAMS	Maths Calculator 90 mins	English Language 105 mins
	PM	Science Chemistry 75 / 105 mins	Options: Business Childcare Psychology PE	NO EXAMS	French Writing 70 / 75 mins	Science Physics 75 / 105 mins

BREAK TIMES: Y10 & Y11 swap break (Y11 break 11:20 – 11:40) | Y11 Lunch 12:30 – 12:55 | Y11 are on 5a lunch in Week 2

1 CHUNK UP YOUR REVISION

Be specific about what you
are revising.

Instead of:
'Science'

Try:
'Biology: Cell structure
– Learn it'

Include the topic and the part
of the revision cycle (Learn it,
Use it or Review it) so you
know exactly where to start.

2 PRIORITISE

You have a lot to cover, so
focus on what will make
the biggest difference.

Red – I find this difficult
and need to prioritise it.

Amber – I know some
of this but need more
practice.

Green – I'm confident
but will keep it ticking
over.

**Don't avoid the difficult
topics — this is where
the biggest gains are
made.**

3 USE THE REVISION CYCLE

You can complete the cycle in one session,
over several days, or even weeks.
Adapt it to what works for you.

4 BE REALISTIC

You don't need to revise for
hours and hours. Short,
focused sessions work best.

A successful session
might look like:

20 mins⁺ Learn it

5 mins⁺ Break

20 mins⁺ Use it

5 mins⁺ Break

20 mins⁺ Review it

Start small, be consistent
and build up gradually.

5 PLAN YOUR BREAKS

Breaks help you to reset,
but they need to be planned!

- ✓ Set a timer.
- ✓ Plan an activity
(e.g. make a drink,
have a snack).
- ✓ Tell someone when
you'll restart.
- ✓ Keep breaks short
and purposeful.
- ✓ Avoid getting
caught in endless
scrolling.

**Don't let a 5 minute
break turn into 30 minutes
(or the end of your evening)!**

6 CREATE THE RIGHT ENVIRONMENT

Set up a space where you can start
revising straight away.

- ✓ A quiet, undisturbed place
- ✓ Everything you need to hand
- ✓ Minimal distractions
- ✓ Use Prep at school if you need a quiet space
(open for 2 hours after school)

Useful things to have:

- ✓ Revision guides
- ✓ Exercise books
- ✓ Paper
- ✓ Coloured pens
- ✓ Past papers
- ✓ Water and snacks

7 EXAM DAY REMINDERS

- ✓ Check the timetable the night before.
- ✓ Get a good night's sleep.
- ✓ Have breakfast.
- ✓ Arrive on time.
- ✓ Bring the correct equipment.
- ✓ Stay calm and trust your preparation.

REMEMBER...

Preparation today
leads to confidence
tomorrow.

You've got this!

➤ PLAN IT. ➤ REVISE IT. ➤ REVIEW IT. ➤ IMPROVE IT.

Students who organise their revision effectively are far more likely to enter the
exam hall feeling confident and prepared.

Strong enough to stand alone.

Wise enough to stand together.

APPLIED RESILIENCE

As part of their Applied Resilience programme, our Year 8 students take on the exciting challenge of indoor climbing at The Big Depot. Students demonstrate determination, courage and perseverance as they push themselves beyond their comfort zones and tackle a variety of climbing routes. The experience encourages them to develop confidence, problem-solving skills and resilience, while also fostering teamwork and supporting one another to achieve personal goals.

GROWING MINDS!

Year 9 Growing minds tackled a variety of jobs this week, half in the pouring rain but also some in lovely weather. Shovelling soil and wheelbarrowing is not everyone's favourite but it is good exercise. Removing dead plants and getting beds ready for new plants requires care and patience. Tackling the tangled hose requires teamwork and resilience. Building a table requires careful measurements, teamwork and problem solving. Whatever the task given each student contributes to the overall success. Working together the team got all the tasks done with good humour and new skills were learned. Well done team.

ARTISTS OF THE WEEK

**OAKLAN
DOUGLAS-ASH**

**MASON
ABBOTT**

**BILLIE
VERNON**

**JAXON
FRYER**

**LAURYN
OLUMBI**

**DELILAH
DUNCAN**

APPLIED RESILIENCE

The Dress a Girl group have made great progress with their sewing machine skills. All students can now confidently thread and use the sewing machines.

The first mini task was to create a hair scrunchie. This involved working a seam allowance, sewing with elastic and exploring the right and wrong sides of garment construction.

BOOKS OF THE MONTH

YEARS 7 AND 8

Late one night, three otherworldly creatures appear and sweep Meg Murry, her brother Charles Wallace, and their friend Calvin O'Keefe away on a mission to save Mr. Murry, who has gone missing while doing top-secret work for the government.

They travel via tesseract — a wrinkle that transports one across space and time — to the planet Camazotz, where Mr. Murry is being held captive. There they discover a dark force that threatens not only Mr. Murry but the safety of the whole universe.

YEARS 9 AND 10

It is the future. There is no war, no hunger, no pain. No one in the community wants for anything.

Everything needed is provided. And at twelve years old, each member of the community has their profession carefully chosen for them by the Committee of Elders.

Twelve-year old Jonas has never thought there was anything wrong with his world. But from the moment he is selected as the Receiver of Memory, Jonas discovers that their community is not as perfect as it seems.

It is only with the help of the Giver, that Jonas can find what has been lost. And it is only through his personal courage that Jonas finds the strength to do what is right...

**STUDENT OF THE
WEEK**
Year 9

Erin Binks

Erin has made a fantastic start to English in Year 9. Her thoughtful contributions are always welcome, both during whole class discussions and directly with her teacher. She approaches every task with maturity and careful consideration. Well done Erin

**STUDENT OF THE
WEEK**
Year 11

Declan Preston.

Declan approaches every task with focus and care. His cheerful attitude is always welcome in class (although perhaps his attempt at a Scottish accent is questionable). He always wants to perform his best in his work; I'm sure his work ethic will serve him well for his GCSEs. Well done Declan.

FOOD PREPARATION AND NUTRITION

Year 9 pre-option food have made great progress in the kitchen. We have looked at batch production methods, safe handling of raw meat and knowing when food is cooked. We also looked at the use of glaze to improve appearance. Well done everyone.

What are we learning this half term in French?

Year 7 : How to describe a thing or a person, saying what people have, describing what people have, distinguishing between 'having' and 'being'.

Year 8 : Talking about what there is and isn't, describing things and people, revision for Year 8 Assessment Week

Year 9 : Talking about life at school, daily life, the natural world, what you love doing, your life online, your hobbies and why you like them and what you find stressful.

Year 10 : GCSE Unit 5: 'Customs, festivals and celebrations'

Year 11 : Revisiting GCSE Unit 3: 'Education and Work' and preparation for mock exams in October

19th & 20th September 2026: European Heritage Days

Every year, during the third weekend of September, France celebrates its heritage by offering guided and unusual tours and special openings of sites usually closed to the public such as the Élysée Palace.

The theme for 2026 is 'endangered heritage'. In this era of climate change, the transformation of certain urban neighbourhoods and the gradual disappearance of certain skills, monuments, landscapes and traditions require more attention and transmission than ever before. Visits, meetings and activities will invite the public to discover these threatened treasures and the initiatives put in place to protect them, so that they can continue to tell the story of France's regions, towns and villages to future generations.

European Heritage Days

Journées européennes
du patrimoine

ÉTUDIANTS DE LA SEMAINE

Mrs Storr

Ronnie Thompson and Emily Scott Y9 -
For excellent input in lessons, frequently answering questions and showing their knowledge

Mrs Clough

Noah Hendry, Eliza Stevens & Alfie Fergus Y11 - For showing their commitment to succeed in French through extensive independent learning on Duolingo

Mrs Sparrow

Daniel Addison and Aurelia Bailey-Chamberlain Y9 - For always being attentive learners every single lesson.

félicitations à tous!

History

This week, Year 9 historians have been studying the causes of the Second World War. It is always difficult to understand how such a terrible war could follow so soon after the devastation of World War One. However, students have begun to realise that due to the terms of the Treaty of Versailles, the formal peace at the end of WW1, Germany felt humiliated and isolated; these were feelings exploited by Adolf Hitler to take control of the country and eventually wage a war of his choice. It is becoming increasingly important for students to understand how democracy was eroded in Germany, so that we can ensure it never happens again.

Historians of the Week

Sam Littlewood - Always polite, hard working, and genuinely wants to be the best he can be.

Noah Prouse - Quietly awesome, and gets it right every time!

Beatrix Frank-Young - Increasingly confident, and gives amazing answers in lessons!

Maths

$$(a+b)^2$$

+ - % x

Harry invests £3800 in a savings account.

The account pays compound interest at a rate of 4.2% per year for 3 years.

At the end of 3 years, Harry puts an extra £2500 into the account.

In the fourth year, the annual interest rate of the account changes to 5.6%

Calculate the total amount of money in the account at the end of the fourth year.

Here is another question from this year's exam. It is calculator and it appeared on the end of the Foundation paper and the start of the Higher paper. If you can calculate the answer and want to submit it, the link is below. Prizes available and parents and teachers are welcome too.

Exam Question 18th Sept – Fill out form

Sparx

Sparx Homework for Years 8-10

Set every Thursday, due the following Thursday.
Use the videos for help if needed. Maths support every Wednesday at Homework Club. Any questions see your Maths teacher.

SCIENCE

Year 9 students have developed a sound understanding of magnetism by exploring magnetic forces and fields. They investigated how magnets attract and repel, learning that unlike poles attract and like poles repel. Through practical activities using magnets and iron filings, students observed magnetic field patterns and identified where magnetic forces are strongest. They also explored magnetic and non-magnetic materials, discovering why some substances are attracted to magnets. Students learned how electromagnets work and how they can be strengthened by increasing the current or number of coil turns. This knowledge was linked to real-world applications such as motors, speakers, compasses, and scrapyards cranes.

EXTRA-CURRICULAR HIGHLIGHTS

This week, the Y11 and Y9 netball teams travelled to Prince Henry Grammar School. Henry's were a tough opponent and the games were competitive! Our Y9s came away with a win and our Y11's came away with a loss. Well done to Issy and Elisara for POM performances!

YOUR PARAGRAPH TEXT

Our second fixture of the week saw Y11 compete against Penistone Grammar. It went to golden goal after a 26-26 finish, BBG narrowly lost but competed valiantly throughout. Well done to Gaby for winning POM!

#TEAMB BG

EXTRA-CURRICULAR HIGHLIGHTS

Year 11 Rugby League, Kirklees Champion Schools Qualifiers.

Results:

BBG 16-4 King James

Tries: Kilner x2, Suggit, Thackray

BBG 10-4 Spen Valley

Tries: Harrison, Thackray

BBG 18-0 Holmfirth

Tries: Wilkins, Kilner, Wilkinson x2

The year 11s took part in BBG's first Rugby League fixture of the year this week in the Kirklees qualifiers. BBG came out victorious and they now progress through to the Champion Schools Yorkshire Cup. The team remained undefeated, winning each of their 3 matches. The defence from the lads was outstanding, with BBG conceding only 2 tries in 3 games. This was made all the more impressive as the lads only had 12 players on the pitch. In the next round, should they continue their winning ways, they will then progress to the National Cup.

Great defensive display at
netball

VALUES

CHANGES TO STATUTORY CURRICULUM

As you may be aware, in July the government published new statutory guidance for the teaching of Relationships and sex education (RSE) and health education.

Our Values curriculum is in the process of being updated to accommodate these changes and to ensure that students are taught the statutory content in an age-appropriate manner.

The new guidance can be found on the DfE website; a link has also been placed at the end of this article.

In light of these changes our RSE policy will also be reviewed and any necessary changes implemented. A copy of this can be found on the school website.

[Relationships Education, Relationships and Sex Education and Health Education guidance](#)

MRS BETTNEY'S

BIG QUESTIONS

YOUR QUESTIONS MATTER

- Do you ever have a question that you are too afraid to ask in your Values class?
- Are you worried about friendships, relationships, vaping, alcohol, drugs, intimate health?
- You can ask all of the questions that you have in confidence that no-one will know it was you.
- **Post questions on Mrs Bettney's big questions on your tutor group teams page**

ENGLISH

READ • KNOW • LEARN

The BBG Bookcase recommendations for children to read and make progress when reading. Statistically students that read independently do better at school. Please encourage your children of all ages to continue reading daily – 10 minutes before bedtime as a minimum will make all the difference.

NB for parents/carers: Please check online reviews if you have any queries about the suitability of a book before your child reads it.

Fraudsters are clever, but you're smarter

Suspect a scam message?

Slow down
Think it through
Overcheck
Pass it by someone you trust

General signs of a scam are:

- If It's too good to be true, then it probably is!
- Act now! - pressure or urgency to share details
- An unfamiliar company or logo
- Unusual URL links e.g. bit/inst123
- Misspelt words

3 Steps to protect your personal information

Organisations who help victims

- Your bank (they never ask you to share passwords or one-time passcodes)
- Your mobile phone provider
- 'Report Fraud' is the website for reporting all fraud to the police
- Cifas (offers a Protective Registration for victims of fraud for a fee)
- Victim Support

1

Use a strong password
Short phrase or three random words. Mix letters, characters and numbers

2

Use different passwords
Fraudsters try using stolen passwords across different accounts.

3

Set up multi factor authentication
Secure accounts with biometrics and a passcode sent via an email or text
